

Montgomery County Veterans Wanted

Are you a veteran who is visually impaired or blind or service disabled and are interested in learning a new skill?

The Columbia Lighthouse for the Blind offers a 12 week training opportunity, in Digital Data Scanning (DDS) at our Riverdale, Maryland facility.

This training will provide you with a valuable and marketable skill; during training, you will learn the different phases of converting documents to an electronic format.

If you are interested in participating in this training opportunity, please forward your resume and DD214 to Robbie Figueroa at rfigueroa@clb.org, or contact her at (240) 737-5105
